

# COLOUR ME CUPCAKE TOPPERS

*how to guide!*

All you need  
is some  
cocktail sticks  
and a glue  
stick.

Decorate and colour in the party dresses and stars. Each dress has a front and back.

Once decorated, cut off the dresses and stars.

Using your glue stick, glue on the plain side of the dress.

Place the cocktail stick in the middle, make sure you leave enough stick at the bottom.

Place the second part of the dress on top. Push both sides together until the cocktail stick is secure.

Ta-Da! You have some cupcake toppers!
